FoodLAND aims at enhancing the diversity of food production and consumption in six African countries displaying different stages of the nutrition transition. FoodLAND is adopting a bottom-up approach, and bases the initiatives to be carried out on producers' and consumers' motivations, needs and choices.

FoodLAND has received funding from the European Union's Horizon 2020 research and innovation programme under grant agreement No 862802. The views and opinions expressed in this document are the sole responsibility of the author and do not necessarily reflect the views of the European Commission.
